FROM COLVILLE.—Judge Wyche and party returned on yesterday from holding court at Colville, and we learn from the Judge that the amount of business in court was larger than any previous term. Some fourteen of the soldiers were indicated for was larger than any previous term. Some furnees of the soliders were indicated for killing Joshy Stewart, and James Rilley, the mass sho did the shooting, was put to his trial, convicted of nurrher in the second degree, and sustenced by twenty years imprisonment in the positional properties of his release by the soldiers there, he was ordered to the Pierce county juil for imprisonment. Owing to the impracticability of getting a jury, and trying the other parties to the killing, a nodle pronequi was entred against them. The Judge informs us that, from conversations with different persons who had been to "40" and the French creek mines, he was of the opinion that those in the mines were doing better this season than last. The crops are represented avery promising in the valley. Caprain White has made four trips with his boat to the mines, and the party who want up to Collinke were intelled to take a trip of the Captain's has made four trips with his boat to the mines, and the party who weat up to Colville were invited to take a trip on the Captain's boat, but for want of time had to decline All who went up, with whom we have con-cred, represent Colville valley as the most inviting spot for emmigrants on the upper cast. The report of the Grand Jury of Skevens county has been insuded us for pub-lication and will appear in our next finese.
